IN GOD WE TRUST

Be brave, be courageous, flex your God given rights.
It's time the government starts to fear the people,
and for "We the People" to take back our freedoms
from a government that is set to destroy and compromise
the rights of the people secured under the Constitution.
"We the People" must respond and defend against these tyrants
that are determined to steal and deprive under the cloak of 'emergency acts'
the rights granted to us by our Creator,
and protected under our United States Constitution.

*"Behold, I give unto you power to tread on serpents and scorpions,
and over all the power of the enemy:
and nothing shall by any means harm you."*

(Luke 10:19)
